Total meals	63,000,000	Social return per kg of food	\$23
Meals per day	172,000	Welfare agencies supplied	2,600
Estimated retail value	\$210 m	Schools supplied	1,750

Thanks to the generosity of our national donors and supporters in 2016, Foodbank was able to make significant inroads into tackling the hidden crisis of food insecurity in Australia. Our 45 national donors contributed a whopping 16.6m kg of food and groceries to Foodbank last year, representing 48% of our total volume. The *2016 Foodbank Hunger Report* demonstrated the scale of the problem we are tackling, with more than half a million people now receiving food relief from Foodbank agencies each month, a third of whom are children.

We simply could not achieve food relief of this scale without your support. Whether it be donating product, contributing to our collaborative supply programs, volunteering, facilitating workplace giving, or encouraging your industry peers to join the Foodbank family, we are incredibly grateful for your support and assistance. We look forward to continuing to work with you in 2017.
